GitHub Forking

GitHub Forking

Ако искате да допринасяте към проект, който не притежавате трябва да направите свое копие на проекта чрез fork./стр.31, Bell&Beer, Introducing GitHub/

PUBLIC  pragmaticlearning / github-example

 Unwatch ▾

 Fork

0

Figure 3-1. The Fork button

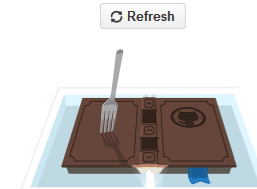

След натискане на бутона - Fork - трябва да изберете къде да бъде запазено копието на проекта, след което ще бъдете отведени на страницата на това копие в GitHub.

Създаване на копие на проект

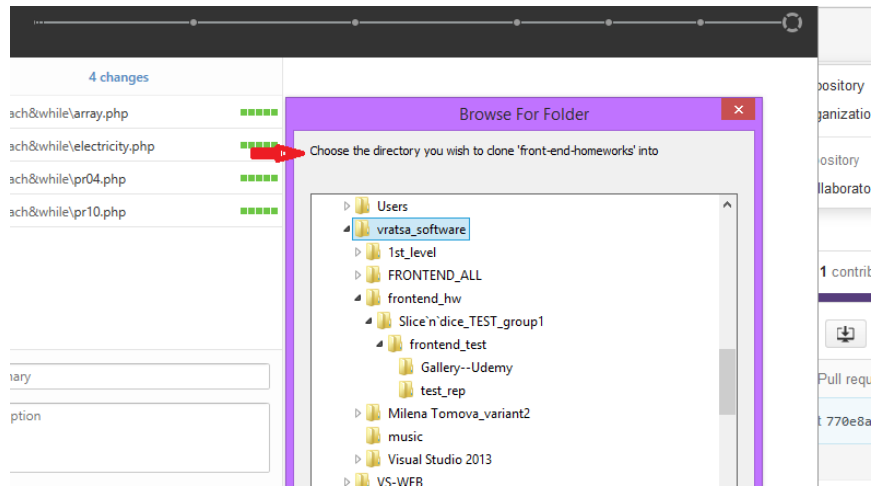

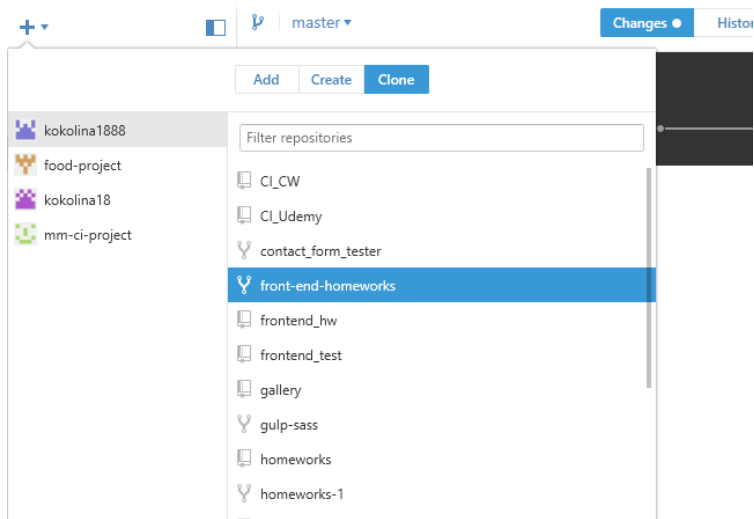

Forking ipetrovbg/front-end-homeworks

It should only take a few seconds.

Клониране на десктопа

1. Клонирайте копието на компютъра си.

1. Работите върху тази част, която ви интересува.

2. Актуализирайте промените си в GitHub - online.

Pull request

Направили сме промени в нашето копие на проекта, но тези промени не са отразени в оригинала. С pull request подаваме заявка тези промени да бъдат включени в оригиналния проект.

/след синхронизиране - виждаме в GitHub сравнение на промените, направени върху проекта/

Comparing changes

Choose two branches to see what's changed or to start a new pull request. If you need to, you can also [compare across forks](#).

base fork: `ipetrovbg/front-end-ho...` base: `master` ... head fork: `kokolina1888/front-end-...` compare: `master`

✓ Able to merge. These branches can be automatically merged.

Create pull request Discuss and review the changes in this comparison with others.

Pull request - 2

В случая GitHub отгатва, че искам да направя промени като вмъкна от моя master-branch копие на оригинала в оригиналния проект.

The screenshot shows a GitHub pull request interface. At the top, it says "Commits on Feb 04, 2016" and "kokollna1888 Milena made some stupid changes". Below that, it indicates "Showing 1 changed file with 10 additions and 1 deletion." The file being changed is "advanced/task1.css". The diff view shows the following changes:

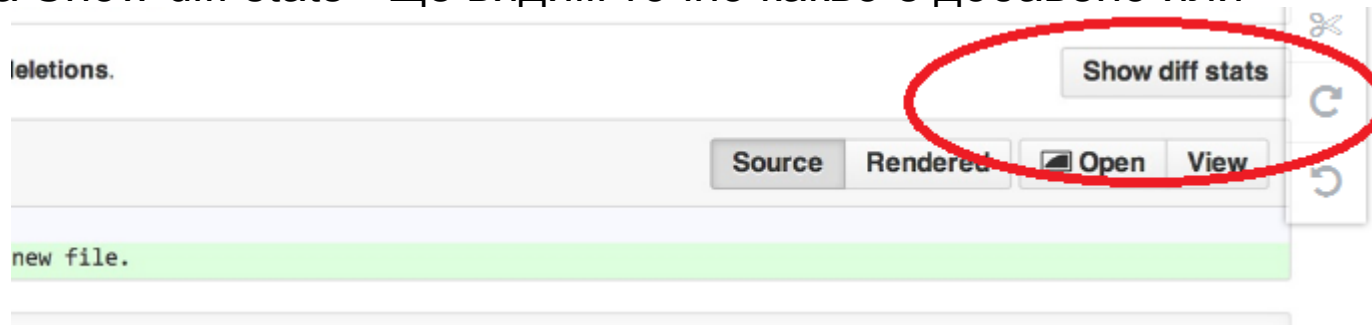

```
11 advanced/task1.css
@@ -2,4 +2,13 @@ p, span, div {

```

Pull request - 3

отляво е копието ми - отдясно оригинала, в който искам да добавям моите промени.

По-надолу има описание на промените, които ще се случат ако сливането се осъществи и в зелен фон са промените, които ще се добавят към съответния оригинален файл.

При натискане на Show diff stats - ще видим точно какво е добавено или изтрито

Pull request - 4

След като се убедим, че това са промените, които искаме да направим в оригиналния проект - натискаме бутона Create Pull Request.

Open a pull request

Create a new pull request by comparing changes across two branches. If you need to, you can also [compare across forks](#).

base fork: `ipetrovbg/front-end-ho...` base: `master` ... head fork: `kokolina1888/front-end-...` compare: `master`

✓ Able to merge. These branches can be automatically merged.

Тук може да опишете
защо вашите промени
са важни и с какво
могат да допринесат за
проекта.
След като попълните
необходимото -
натиснете
Create pull request
и ще преминете на
следващия екран

The screenshot shows a GitHub pull request description editor. At the top, there is a header with the text "Milena made some stupid changes". Below this is a text input area with a "Write" tab selected and a "Preview" tab. The text input area contains the text "I have made some changes." and a red arrow pointing to the right. Below the text input area is a section for attaching files, with the text "Attach files by dragging & dropping or selecting them." and a green button labeled "Create pull request". At the bottom of the editor, there is a note that says "Styling with Markdown is supported".

The screenshot shows the GitHub notifications interface. At the top, there is a search bar and navigation links for Pull requests, Issues, and Gist. Below this, there are tabs for Notifications and Watching. The Notifications section is active, showing a list of unread notifications. A notification for kokolina1888/project is highlighted, showing a pull request for 'test file title' made 7 minutes ago. A red arrow points to this notification. Below the notification list, there is a summary row for kokolina1888/project with a count of 1. At the bottom, there is a red text label 'преглеждаме известието' (we are viewing the notification) with a red arrow pointing to the notification above.
